1. Start with your paper white side up. Fold in half, and open, then fold in half once again, in the other direction.

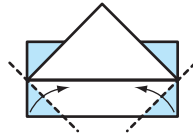

2. Now fold all corners into the centre.

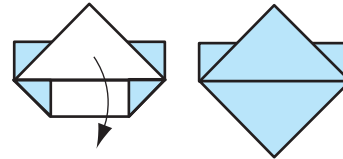

3. Turn the model over. Then fold the top and bottom toward the centre. When you do this, the triangular flaps should pop out from underneath

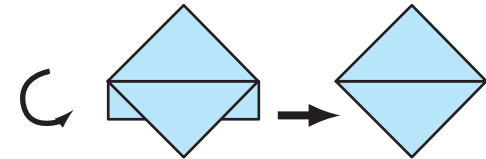

5. Fold the bottom triangle upwards.

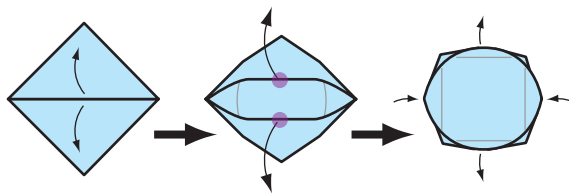

6. Fold the 2 bottom corners upwards.

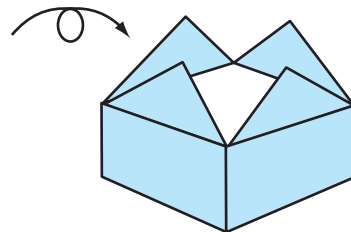

7. Fold triangle back down

8. Rotate the model. Now repeat steps 5-7.

9. Now you need to open out the model to complete your crown. Open the flaps outward and shape the inside into a square shape

10. Turn over. Your origami crown is finished!
